

A Message from the Flight Camp Director:

The Youth Flight Camp at Brampton Flight Centre is structured to introduce youth to the exciting world of aviation. Our program has been tailored to meet the interests of the campers at an age appropriate level and to introduce the many facets of this wonderful industry from general to commercial aviation. This includes actual flight training with certified Flight Instructors and other various activities combining fun and adventure around the Brampton airport!

The Brampton Flying Club has proudly served the local community for over 70 years. Through the Kids and Youth Flight Camps, we hope to foster a stronger connection with the surrounding area, and to introduce a new generation to the wonderful world of aviation. Our program has been tailored to engage campers at a level appropriate to their age, and to bring them all the challenge and excitement that flying has to offer.

I am new to the aviation field myself, but have truly been inspired by the talented group of students, instructors and members at the Brampton Flight Centre. I look forward to learning more and hope to connect the kids and teens at this year's camp with the people who can help them further their interest in aviation.

Brampton Flight Centre's friendly, knowledgeable, and professional staff of Flight Instructors, Aircraft Maintenance Engineers, and Administrators will bring their experience and enthusiasm to this summer's Flight Camps. Our clubhouse and restaurant is always open to the public, and we'd be happy to give you a tour of our classrooms, maintenance facilities and airport grounds any time you would like!

This summer, we have the Youth Flight Camp dates are as followed:

Dates: Monday, July 13th, 2020 – Friday, July 17th, 2020

Time: 08:00 – 16:00

Ages: 9 - 12

Dates: Monday, August 10th, 2020 – Friday, August 14th, 2020

Time: 08:00 – 16:00

Ages: 13 - 16

This information kit contains the forms you will need to get registered in a Flight Camp program. Enrollment is limited to 15 aviators for the week. Applications will be received on a first-come, first-serve basis so register now to avoid disappointment.

Sincerely,

Amber McKinney
Flight Camp Director

YOUTH FLIGHT CAMP OUTLINE

This unique five day camp program will introduce youth, ages 9 - 16 to the wonderful world of flight. This includes flight theory, airmanship, aircraft systems and industry careers. Camps run from 08:00 until 16:00.

Introduction to Ground School

- Theory of Flight (how the airplane flies)
- Engines and Airframes (how the airplane is built)
- Radio Theory (how we talk to people in airplanes)
- Meteorology (weather)

Preparatory Ground Instruction and In-Flight Lessons

- Attitudes and movements
- Straight and level flight
- Climbs and descents
- Turns
- Takeoffs and landings
- Radio procedures
- Introduction to navigation

Flight Training Totals

- Approx. 10 hours of ground school
- 1 hour of simulator time, 5 hours of flight time of which approximately 2.0 hours in the front seat

Tours

- Brampton airport clubhouse, ramp and maintenance hangars
- WW I Great War Flying Museum
- Recreational Aircraft Association of Canada (RAA)
- Additional tour to be determined

Special Components

- UAV (drone) introduction

Other

- Aviation movie and slide show
- Aviation history in Canada
- Paper plane contest

Introduction to BFC and the Flight Camp Programs

Operations

The Brampton Flight Centre is owned and operated by the Brampton Flying Club (BFC). BFC is a certified Air Operator with capabilities in flight training and charter. BFC is also an Approved Maintenance Organization (AMO) to meet the needs of the air operations, the club members and other transient aircraft.

Within the flight-training program there are options for obtaining a recreational, private and commercial pilot licence. There are also options for night, multi and instrument ratings. The Brampton Flight College is an integral part of BFC and permits career minded students to receive specific industry training towards possibilities as a commercial pilot.

Equipment

BFC owns and operates twenty-five aircraft in support of its flight training programs. There is single engine, 4-seater such as the Cessna 172. There is also one Bellanca (Citabria), which is also single engine, 2-seater but has a tail wheel configuration whereas the rest of the fleet are tricycle gear. The two 4-seater twin aircraft are primarily used for advanced commercial training.

BFC has 2 Flight Training Devices (Simulators). The Frasca is an enclosed cockpit Flight Training Device (FTD) with a 170 degree wrap around visual system. Though this unit is stationary it induces a feeling of flight through the wrap around visuals. It is a Transport Canada certified Level 2 FTD allowing flight training credits in the Private Pilot Licence, Commercial Pilot Licence, Instrument Flight Rules, and Flight Instructor training programs. The Redbird is an enclosed cockpit Flight Training Device (FTD) with 200 degree wrap-around visuals. This unit has full motion and induces a realistic but not overbearing sensation of flight. It is a Transport Canada certified Level 2 FTD allowing flight training credits in the PPL, CPL, IFR, and Flight Instructor training programs.

Supplies

Once enrolled in the Youth Flight Camp, each participant will be issued a Pilot Training Record (PTR) to authenticate the completion of your flight camp training. Participants will also receive a camp T-shirt and water bottle.

Key Personnel

Brampton Flying Club employs over 75 staff to cover the various aspects of flight and airport operation. Your Flight Camp Director is Amber McKinney who is the Flight Training Administrator. Allan Paige is the General Manager of the Flying Club and oversees all aspects of airport operations. Scott Chayko is the Chief Flight Instructor (CFI). Angelo Micone is the Director of Maintenance for the AMO.

The General Manager, Chief Flight Instructor and Director of Maintenance represent the main nucleus of the operating structure for the Brampton Flying Club. All other staff

work in support of these functions and ensure that all services provided by the Club are able to meet the needs of the membership and their visitors.

Thank you for considering the Flight camp experience at Brampton Flying Club. We hope that our trained personnel are able to provide you with a great time of learning along with a great time with new friends.

FLIGHT CAMP REGISTRATION

To register for the Youth Flight Camp at the Brampton Flying Club, please follow the guidelines listed below for best results. Brampton Flying Club shall ensure the safety of the kids during the stated hours of the program. This includes any flights, games and other activities forming part of the camp program. However, all kids will be required to follow the guidelines designed for their own safety and that of the other participants and members. Brampton Flying Club reserves the right to release participants from the program at the discretion of the Flight Camp Director if their behavior is considered to be disruptive or harmful to the flow of the program. These guidelines will include a signed waiver form to relieve Brampton Flying Club of any injury or accident caused by neglect of these guidelines.

Register one of three ways

1. Pay and register online
2. Drop off your completed application form along with payment in person at the Brampton Flying Club.
3. Email in your registration to the Brampton Flying Club and call to make arrangements for payment.

A \$100.00 non-refundable deposit is required to confirm a placement in the program. Arrangements for payment of the balance by cash, cheque or credit card may also be required at the time of deposit.

Consent Form

The Brampton Flying Club has a mandate to oversee all sponsored programs with the highest regard for safety and risk management. There are times, however when certain unforeseen circumstances may occur, which are beyond the intent of reasonable preparation. This possibility is true for many recreational programs and therefore is no different for the Brampton Flight Camp programs. Please read the following statements carefully and sign in the space provided indicating that you have understood and agree to the terms described herein.

I, _____ give permission for my child, _____ to participate in all programmed aspects of the kids/youth flight camp program. This includes all indoor and outdoor activities, projects, aircraft simulator training, actual flight training incompany aircraft and traveling to and from tours.

I understand that the Brampton Flight Centre staff and volunteers will consistently promote a safe and fun environment for my child. If an incident should occur, involving or affecting my child, I will permit the camp leaders to document the details of the incident and contact me (or other specified adult) at the end of the scheduled day. In the case of an emergency, accident or sudden illness involving my child, I give full permission to camp leaders and/or staff of the Brampton Flight Centre to seek immediate medical attention as necessary, and then contact me as soon as possible.

During the Flight Camp Program, staff and volunteers will be taking photographs of the students and their activities. The photographs will be used solely for promotion of the Camp program and/ or the company either in print or on the company website. The photographs generated for these purposes may also be used in newspapers, magazines, or other displays promoting company activities. Using my child's photo and/or name in caption will be permitted based on my selection below:

_____ I DO permit my child's name and/ or photo to be used as described above.

_____ I DO permit my child's photo to be used as described above but DO NOT permit their name to be used in this manner.

_____ I DO NOT permit my child's name and/ or photo to be used as described above.

Upon reading the content of this waiver, my signature shall represent my intent to not hold the Brampton Flying Club liable for any unforeseen matters affecting my child's participation in the Flight Camp program as advertised.
