Subject: COVID-19 Policies and Procedures – Rev Q

The following are the policies and procedures that we are following to ensure everyone's safety:

Protective Measures (see **Flight Ops** and **Restaurant** for measures specific to those areas):

- 1) Glass shields have been installed at Dispatch, Pilot Shop, Restaurant and Parts to separate customers from staff where 2 m spacing is not possible.
- 2) Hand sanitizers are available in all areas of the building, including at the entrance to the lobby where we ask everyone to sanitize prior to entering the lobby.
- 3) Sharing of items such as pens, paper, books, headsets etc is not encouraged.
- 4) The computer terminals in the Clubhouse lobby have been arranged in order to maintain safe physical distancing and are only to be used for last minute weather checks and entering your mission data into FleetCaptain for dispatch.
- 5) Daily disinfecting of communal devices (phones/tablet/computers in the lobby, pay terminals etc) and aircraft document bags will be carried out and disinfectant is available for cleaning communal equipment between uses.
- 6) Access to the Clubhouse is restricted to no more than 10 at a time in the lobby and 10 in the lounge in order to maintain physical distancing.
- 7) Everyone entering the Clubhouse area beyond the washrooms is required to provide their name and contact information and attest to being free of COVID-19 symptoms (see item #15 for the specific questions).
- 8) Only fully vaccinated people or those with a medical exemption are allowed to enter the Clubhouse.
- 9) Loitering in the Clubhouse is not permitted in order to maintain physical distancing between customers and staff. People are to stay out of the lobby and lounge area unless they are imminently (within the next 15 minutes) going to do a pre-flight briefing or dispatch a training flight. Please come in, do your flight or ground school and leave to make space available for other customers. The lounge area is for pre-flight briefings only; it is not open for people to eat meals or relax between flights. Anyone found loitering in the lobby or lounge will be asked to leave the building.
- 10) It is important that you make a reservation in our Wingman booking system if you plan to come to the flight school. We are not able to accommodate students who wish to use our facilities for studying purposes.

Training The World's Pilots Since 1946

- 11) Customers arriving at the Clubhouse for a flight will be directed to the lounge area for their pre-flight briefing with their instructor or to do final flight planning (with the number of tables / chairs reduced to ensure physical distancing) and then on to the Dispatcher and Duty Manager to dispatch the flight. We encourage you to do as much flight planning as possible ahead of time to minimize the time spent in the lounge and lobby area.
- 12) Customers returning from a flight will re-enter the Clubhouse through the door at the east end of the lobby to drop off the aircraft document bag on the table at the northeast corner of the lobby, pay for the flight and then
 - a. immediately leave the lobby and lounge if it was a rental flight or
 - b. go to the cubicles in the back hall area for a post-flight debriefing or
 - c. talk to the Duty Manager if you are a student on a solo flight requiring a post-flight debriefing, fill out your PTR and then leave the lobby and lounge areas.
- 13) Room capacity limits have been established to maintain physical distancing and the limits are posted outside of every classroom.
- 14) Everyone is asked to stay away from the Club if they:
 - a. have any symptoms of COVID-19 or
 - b. have been told to self-isolate or have tested positive for COVID-19 in the past 5 days or
 - c. have been in close contact with anyone who i) is suspected or diagnosed with COVID-19, or ii) is awaiting COVID-19 test results, or iii) has experienced any COVID-19 symptoms in the last 5 days or
 - d. have travelled outside of Canada in the last 10 days while not fully vaccinated

Not fully vaccinated people who meet any of these criteria are asked to stay away from the Club and self-isolate for 10 days following their last COVID-19 exposure or onset of symptoms, or 24 hr beyond symptoms starting to improve, whichever is longer.

Fully vaccinated people who have any symptoms of COVID-19 and then test positive are asked to stay away from the Club and self-isolate for 5 days following their last COVID-19 exposure or onset of symptoms, or 24 hr beyond symptoms starting to improve, whichever is longer.
- 15) Everyone entering the Clubhouse will be asked to answer the following questions. If any answer is in the affirmative, the person will be denied entry into the Clubhouse:
 - a. Do you have any symptoms of COVID-19?
 - b. Have you been told to self-isolate or have you tested positive for COVID-19 in the past 5 days (10 days for not fully vaccinated people)?
 - c. Have you been in close contact with anyone who i) is suspected or diagnosed with COVID-19, or ii) is awaiting COVID-19 test results, or iii) has experienced COVID-19 symptoms in the last 5 days (10 days for not fully vaccinated people)?
 - d. Have you travelled outside of Canada in the last 10 days while not fully vaccinated?

People denied entry who are not fully vaccinated will be asked to self-isolate for 10 days following their last COVID-19 exposure or onset of symptoms, or 24 hr beyond symptoms starting to improve, whichever is longer.

People denied entry who are fully vaccinated will be asked to self-isolate for 5 days following their last COVID-19 exposure or onset of symptoms, or 24 hr beyond symptoms starting to improve, whichever is longer.

Disciplinary action may be taken against any person who is found to have falsely answered the self-declaration. Proof of a negative test result may be requested.

- 16) In the event that an individual who has been at BFC is identified with a confirmed case of COVID-19, we will take steps to minimize the possibility of further infection. This will include the following:
 - a. Exclusion of affected individual from our facilities for 5 days (fully unvaccinated) or 10 days (not fully vaccinated), or 24 hr after symptoms start to improve, whichever is longer.
 - b. Notification of people determined to have been in close contact with the affected individual at our facility.
 - c. We will advise Brampton Flight Centre students/associates/staff/customers, as necessary, by signage on our bulletin board in the front hallway, our website and by our Constant Contact emailing system.
 - d. We will notify local and provincial authorities of any compliance issues within the 5-day mandatory quarantine period; and any cases of COVID-19 infection during the 5-day mandatory quarantine period.
 - e. Enhanced cleaning and disinfecting of the affected individual's workstation and belongings, all high-touch objects and likely sources of contamination in the facility.
 - f. We will also ask the infected individual if we can publish their name so that contact tracing may be carried out more easily.
- 17) We will turn away any member of the public from entering our buildings who refuses to wear a mask unless they a) have a medical condition that inhibits their ability to wear a mask or face covering or b) are unable to put on or remove their mask or face covering without the assistance of another person or c) are being accommodated in accordance with the *Accessibility for Ontarians with Disabilities Act, 2005* or d) are being reasonably accommodated in accordance with the *Human Rights Code* .

Flight Ops:

- 1) High touch areas of aircraft and simulators, including, but not limited to, seats, seatbelts, control wheels, ignition keys, engine controls, avionics controls, door handles (inside and out), window latches, fuel caps, oil dipsticks, fuel strainer knob and pitot covers are being cleaned and disinfected by trained staff at the end of every day.
- 2) Because we are unable to ensure physical distancing in our airplanes, instructors and students/passengers are required to wear masks for all dual flights in aircraft and the simulators. Students are expected to provide their own masks (N95 or surgical masks are not required). We have a limited supply of disposable masks available for purchase at a nominal cost but if none are available and a student does not have a mask, his/her flight will be cancelled.
- 3) Electronic signatures are being used in FleetCaptain to reduce the amount of paper touched during the dispatch process.
- 4) Touchless payment using your credit card on file is the preferred method of payment.

- 5) PPL ground school is being taught virtually and is only available by advance registration. Contact info@bramfly.com for more information on how to register.
- 6) CPL and Flight Instructor ground school class sizes are being limited to ensure that physical distancing in the lecture hall and commercial classroom can be maintained. Chairs and desktops are to be cleaned and disinfected each day.
- 7) The following declaration has been added to the Flight Authorization form: "I self-declare that I am free of COVID-19 symptoms, have not been told to self-isolate, have not tested positive for COVID-19 in the past 5 days, have not been in contact with anyone who might be suspected, infected or diagnosed with COVID-19 within the past 5 days and am in compliance with out of the country travel restrictions as they pertain to COVID-19. I understand that choosing to enter our facility involves risks, including without limitation, bodily injury or harm and contracting COVID-19. I acknowledge that I am participating voluntarily. In the unlikely event I contract COVID-19, I will not hold the Club and its directors, officers, employees and representatives responsible for any claims or liabilities related to COVID-19 and my attendance in the Brampton Flight Centre."
- 8) For all Private Aircraft Instruction, the aircraft must be disinfected by our flight line staff prior to any dual lessons. There will be a nominal charge to the student for this service.
- 9) No sightseeing flights until further notice (intro flights will be allowed).
- 10) Flight Ops and fuel sales are open 0700 – 2330 Mon to Fri (0800 – 2200 Nov 15, 2021 – Apr 3, 2022) and 0700 – 2200 Sat & Sun (0800 – 2000 Nov 15, 2021 – Apr 3, 2022).

Maintenance / Parts:

- 1) Access to the maintenance hangars is restricted to staff only.
- 2) Parts are available for pickup in the Air Cadet building.
- 3) Maintenance and Parts hours are 0800 – 1630, Monday to Friday, with one AME on duty on the weekend to deal with fleet aircraft snags.

Restaurant:

- 1) The restaurant is closed until further notice.

Pilot Shop:

- 1) The Pilot Shop is for in-person shopping 0900 – 1900 Mon to Fri (0900 - 1800 Nov 15, 2021 – Apr 3, 2022) and 0900 – 1700 Sat & Sun (0900 - 1600 Nov 15, 2021 – Apr 3, 2022) and is also open for online orders and curbside pickup (by appointment).
- 2) Everyone entering the Pilot Shop is required to provide their name, contact information and proof of being fully vaccinated against COVID-19 along with proof of identification.
- 3) The number of people allowed in the Pilot Shop at any time will be limited to 5 in order to maintain physical distancing.

Other:

- 1) It is requested that payments at the front desk, in the Restaurant, in the Pilot Shop, at the fuel kiosk and in Parts / Maintenance be made by credit or debit card for all transactions to limit the use of cash. If the amount of the payment is below the tapping limit it is requested that you tap instead of inserting the card in payment terminal and keying in the requested information.
- 2) When Hangar 3 is used for an event, its maximum capacity is 160 people. A sign listing the maximum capacity will be posted at the hangar entrance in plain view of participants in the event. All participants must wear a mask while in the hangar, unless they are talking to the assembled participants. Chairs will be spaced a minimum of 2 m apart and people are to remain seated at all times, other than to enter, exit or to talk to the assembled participants. Everyone entering Hangar 3 will be required to provide their name, contact information and proof of being fully vaccinated against COVID-19 along with proof of identification.
